Most of your kids have been with me for years and know our routine. The materials I sent home are familiar to them and they will know what to do. I gave some hints for you to follow on the letter I sent home so you can use the same terminology as I do. Have fun with what I sent and let your kids show off a little bit and be the "Speech Teacher". Ten to twenty minutes of direct speech work is enough because you can integrate what they are learning in speech all day long. Please call or email me with any questions and I will be glad to help any way I can.
